"Great first gambling recovery retreat. Well done. Hope they will have it every year"

"I came into the experience fully open, and without any expectations. You absolutely fulfilled my interest in receiving support for achieving continuing abstinence, and meaningful recovery"

"Hearing other people's stories; the food; the location"

"Hearing firsthand experiences is enlightening. Our ending GamAnon meeting brought out a lot of emotion and opened some eyes"

"Christina's presentation really hit hard as did the kickoff panel on Saturday morning. But more generally, just hearing little bits from many different people was great. Everyone genuinely cared"
